Our Unique Value Proposition

Our Services

Assurance

We provide financial Audit Assurance services to companies of all sizes from small to Joint stock and listed companies. We realize that Building and maintaining trust has never been more important and more challenging and therefore being the independent financial auditors, we perform the valuable role of trusted intermediary between the providers of business information and its user, ranging from public to private businesses and decision makers.

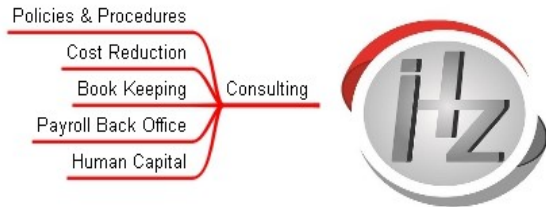

We as auditors acknowledge our responsibility towards the recipients of the information and therefore apply methodologies to provide high quality and independent financial statements audits.

Risk Management

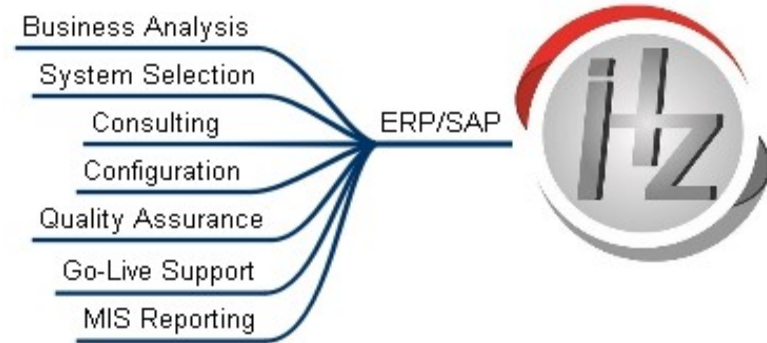

We offer a wide range of services and solutions managing diverse risk issues including Risk evaluation, Internal Audit, Internal Control System Evaluation.

Consulting

Our multi-disciplinary consulting team possesses a broad range of talent and skills to achieve the desired results. Our clients engage us as consultants to optimize their business processes and help them in achieving their corporate goals.

Enterprise Resource Planning (ERP)/SAP

We provide ERP consulting services. We help our clients in optimizing their operations by increasing efficiency and reducing cost. We believe systems have now become the backbone of any company and therefore we assist our clients in the design, implement, manage, and maintain ERP systems such as SAP, and Oracle. We deliver functional consulting and arrange core information technology (IT) services and support through our partner.

Forensic Accounting

We provide a wide range of forensic accounting services. Our service portfolio ranges from litigation to arbitration and other dispute resolution forums. We assist judicial courts, private businesses and multinational entities with matters involving the propriety of accounting and financial reporting, anti-corruption and fraud.

Zakat & Taxes

Individuals and companies within the provision of Islamic law at an annual flat rate of 2.5 % pay Zakat.

We can provide consulting and advisory in Zakat, Income Tax.

Value Added Tax

Value Added Tax (VAT) will be introduced in the KSA from 1st Jan 2018. It would mean some of the services and products will be taxed at the point of sale. This initiative will benefit the coffers of the country in an indirect tax structure.

The rate will start from 5 % and the VAT regime will develop in future overtime. There will be some zero-rated items like exports and exempt items where no VAT will be charged. As a registered trader, businesses will be required to be registered for VAT and charge VAT on their sale. All transactions involving VAT and sales must have a document and available for inspection at any time.
